

L-PVDOMICS STUDY

Functional Class Form #515

Instructions: This form is to be completed by the Clinical Center PI (or other physician investigator) to document the participant's Functional Class (FC) at time of L-PVDOMICS assessment/visit. A Functional Class (FC) should be determined for **Levels 1 and 2 PH and Comparators only** using available information. **Controls will not have FC assessed.** See chart below for FC descriptions.

Note: A Functional Class assessment done within +/- 6 weeks around Form 500, Q3 date of enrollment into the L-PVDOMICS Study is acceptable.

--	--	--	--	--	--

1. Identification Number

--	--

2. Alphacode

--	--	--	--	--	--	--	--

3. Date of FC review/assessment (mm/dd/yyyy)

4. Was a Functional Class (FC) determined?.....
 0=No, after careful review, there is not enough data available. PI cannot determine the FC (skip to 'Rationale')
 1=Yes, FC assessed
5. a. What is the Functional Class?.....
 1=Class 1, 2=Class 2, 3=Class 3, 4=Class 4
- b. How is the current Functional Class assessed?
 1=PI/Physician assessed at time of Level 1 visit
2=PI/Physician trained coordinator to assess FC at time of Level 2 phone call
 3=Assessed by review of medical records

Rationale

199. Name of **physician** who completed/reviewed FC assessment:.....
(Username of physician is the first 6 letters of last name and first initial.)
200. Date this form completed (mm/dd/yyyy)...../...../.....
201. Username of person completing/reviewing completeness of this form.....

Clinical Center Use Only
